

PROFESSIONAL TRAINING

MAY 24 & 25

Thin Concrete Overlay Systems Training

Two Half Days \$100.00 per person – Class Size is Limited

Real-world training on large areas of concrete – *not on small boards!* Full system instruction on popular money-making systems including:

- MicroTopping
- Slate Trowel
- Traffic Overlay
- Knock-Down and Bubble Textures

You will also receive instructions on how to sell these Overlay Systems, text for Google website rankings, FREE advertising/lead generation opportunities, and pointers on how to deal with customers, designers and architects.
